PROFESSIONAL SUMMARY

BCA graduate currently starting a career in DevOps and Cloud Computing. Currently building foundational knowledge in Linux, networking, Git, cloud technologies, and DevOps practices through structured learning and hands-on practice. Also have basic exposure to Python and AI through academic projects and internship experience. Seeking an entry-level opportunity to learn, develop practical skills, and grow in the DevOps and Cloud domain.

TECHNICAL SKILLS

DevOps & Cloud: AWS EC2, Linux, Shell Scripting, System Monitoring, Cron

Programming: Python

Ai & Machine Learning: Machine Learning, NLP, Computer Vision

Other Tools: Git, GitHub

PROJECTS

AI-Based Crime Investigation & Suspect Identification System

Python, Django, OpenCV, TensorFlow, Machine Learning

- Developed a web-based system to assist crime investigation through AI-based face detection and suspect identification.
- Implemented image/video analysis and face recognition features for identifying potential suspects.
- Developed modules for managing criminal records, crime evidence, and investigation data.

WORK EXPERIENCE

Python & Artificial Intelligence Intern

01 May 2025 – 30-May 2025

Asquare Technologies, Kochi

- Worked with Python for data analysis and processing.
- Gained practical exposure to AI and Machine Learning concepts.
- Worked with Python libraries for handling and analyzing data

CERTIFICATIONS

Diploma in Cybersecurity

STED Council | JB International Skill Park

Diploma in Cloud Computing

STED Council | JB International Skill Park

Diploma in Artificial Intelligence

STED Council | JB International Skill Park

EDUCATION

BACHELOR OF COMPUTER APPLICATION (BCA)

2023-2026

Sree Narayana Guru College, Coimbatore

HIGHER SECONDARY

2021-2023

MES HSS, Mannarkkad
